## MOONSHINER IS CAUGHT IN ACT BY PA. AGENTS

William Travis Blackburn, 25, York Springs, was placed in the county jail Tuesday night charged with the illegal making and possession of liquor.

Blackburn pleaded guilty to the three-count charge at a hearing before Justice of the Peace Robert P. Snyder here about 10:30 o'clock Tuesday night and then was removed by Liquor Control Board agents to the jail.

The charge before Justice Snyder, as placed by Liquor Control Agent L. V. Bomgardner, charges Blackburn with the possession of illegal liquor made after 1931; the possession of liquor without the Pennsylvania Liquor Control Board seal and the manufacturing of liquor.

### WATCHED OPERATIONS

The manufacturing and possession, according to the information, occurred in Menallen Twp. Tuesday evening. No details of the incident were given in the formal information placed before the justice and, since Blackburn pleaded guilty immediately, no testimony was taken other than the formal information.

At the jail here Sheriff Dawson R. Miller said the four Liquor Control Board agents taking part in the arrest said they had watched Blackburn making the liquor for several hours before moving in on him.

Blackburn attempted to run but was caught by the agents, one container of the liquor apparently breaking and soaking Blackburn's trousers in the process of the chase and capture.

Liquor Control Board officers said today the still was located a short distance from Aspers and was of "about 100 gallons capacity." It had been in operation "not too long."

## 600 Angry West Berliners Hurl Rocks Across Border Protesting Forced Ouster

By GEORGE BOULTWOOD

## 1,195 Homemakers Attend Opening Session Of Times Cooking School Tuesday

A newcomer, American Pizza, Edison Company, discussed the "Light for Living" program designed to "bring beauty into the home through electric lighting," and described many of the electrical appliances on the stage used in the preparation and storage of the foods.

Two Gettysburg High School students, the Misses Sandra Reed and Queena Dubbs, assisted with the "Star Time" at the conclusion of the program. Three volunteers, Miss Kathryn Jacoby, Mrs. Janet Rickrode and Mrs. Fred Tipton, taking part in a special program note each evening, are to compose a poem to be read and judged Thursday night. Mrs. Edmund W. Thomas Jr. was secretary for the presentation of 60 baskets of food, the foods cooked at the show and other awards.

Miss Mary Metag, home economist and lecturer for the Galaxy of Foods, and her assistant, Miss Betty McKellin, capably prepared the foods and explained the steps in their preparation to the 1,195 homemakers in attendance at the first evening of the meat spectacular which is being presented in cooperation with the National Livestock and Meat Board of Chicago.

### VALUE OF PORK

Miss Metag emphasized the health value of meats and lard, and during the preparation of the pork chops said that research has shown the thiamin in pork is important in the diet for steady nerves; she stated that it would take 17 slices of bread to provide the same amount of thiamin as a pork chop, 16 bowls of cereal to get the same amount of protein, and 13 servings of spinach to get the same amount of iron as would be found in one ounce of pork liver.

While preparing the pizza, she said that ground beef is the most versatile and most popular meat food to the American people, and that there are more ground beef recipes on the market today than for any other meat.

Other foods prepared at the opening session included Bavarian pork roast, lamb riblets, sausage jumbles, and ginger snaps.

### RECEIVE GIFTS

Each person attending the school is presented with a "Galaxy of Foods Cookbook" giving recipes for the foods that will be prepared in the three sessions, plus much valuable information on the cooking, carving and storing of meats and baked goods.

## UN General Assembly May Be Called To Help Settle Controversy Over Berlin

By JOHN M. HIGHTOWER  
UNITED NATIONS, N.Y. (AP)—The possibility that the United Nations will play some role in efforts to settle the Berlin crisis appeared to be gaining headway today.

If the United States and Russia in current diplomatic talks fail to agree on a formula for starting negotiations, the war-threatening dispute will likely become an issue of prime concern for the General Assembly.

If negotiations can be agreed on, both the Soviet Union and the Allied powers may propose that the United Nations take a hand in carrying out any plan they can devise for the future of West Berlin. Indications are that Soviet and Western leaders alike are thinking along these lines:

WHAT TO NEGOTIATE  
Secretary of State Dean Rusk and Soviet Foreign Minister Andrei A. Gromyko scheduled an early meeting today on the East-West deadlock over how to get

negotiations started. The central issue is what to negotiate about.

On that issue Western diplomats found little encouragement in the Soviet policy speech Gromyko delivered to the General Assembly Tuesday dealing at length with the Berlin situation.

In their view the speech contained nothing essentially new on Berlin policy, but that had been expected. If the Soviet government is willing to engage in the wide negotiations demanded by the United States, Britain and France, the first indications of change in its position almost certainly would be made known by Gromyko not in a speech but in his private talks with Rusk.

REDS HOST LUNCHEON  
Today's session was arranged by Gromyko. He invited Rusk to lunch at his headquarters in a sprawling mansion on Park Avenue. The two previously met last Thursday at Rusk's invitation. (Continued On Page 3)

## Torch Members Hear Biologist

The summer research program at the Duke University marine laboratory was the subject of a talk Tuesday evening by Dr. Neil W. Beach, assistant professor of biology at Gettysburg College, to fellow members of the Gettysburg-Adams County Torch Club at the Trinity United Church of Christ. Dr. Lloyd C. Keefeauver presided at the dinner meeting with more than 40 members in attendance.

The speaker, who was introduced by Dr. Russell Rosenberger, head of the Education Department at the college, spent the summer at the Duke marine laboratory south of Cape Hatteras, N. C. He described the laboratory site as "an important biological area" because it is the scene for the mixing of northern and southern, fresh and salt waters and the mixing of many kinds of organic life.

He said the laboratory was founded in 1937 and is open throughout the year. He described the permanent facilities there and told particularly of his summer studies on the oyster crab and its characteristics. He also expressed the view that Soviet Russian scientists conduct research for practical application of their findings while U.S. scientists conduct theoretical studies with more freedom of thought and action.

Adams County Coroner C. G. Crist ordered an autopsy. ## 5 ASK HIGHER ASSESSMENT

The Adams County commissioners are about convinced that people in the Fairfield area are the most honest in the county. Tuesday evening the commissioners held at Fairfield one of a series of meetings at which residents might appeal their occupation assessments.

Of the 32 who came before the commissioners to appeal, five asked for higher assessments, saying the ones given them were too low and they wanted to pay their fair share of the taxes.

According to the commissioners, only two other persons throughout the county have come forward to say their assessments were too low.

This evening from 7 to 10 o'clock the commissioners will hold the final session for appeals from occupation assessments. The session will be held in the courthouse. This morning and afternoon the commissioners devoted most of the time of their regular weekly meeting at the courthouse to considering appeals from real estate assessments. ## Fugitive Is Not Known In County

A prisoner who fled the Rockview State Penitentiary Tuesday night, Robert C. McKee, of Kokomo, Ind., was being sought in the mountains of Center County while an initial identification of the prisoner as having been sentenced originally from Adams County appeared today to be in error.

The prisoner, who escaped by scaling a 15-foot wall, was serving a 13-15-year sentence for escaping from the same prison on December 12, 1948, shortly after being convicted of robbery and larceny of an auto. His original conviction was listed as having been in this county but court records here do not show any such case.

## LOCAL CLUB'S RATING GOOD

The Gettysburg Kiwanis Club stands third in its district in a point system based on community activities, Ted Brookhouser, Harrisburg, secretary of the Pennsylvania District of Kiwanis, told the local club at its meeting Monday evening at the Lamp Post Tea Room.

He made the announcement after describing numerous ways in which Kiwanis Clubs can serve their communities and describing the point system set up for such activities by which the clubs will be able to tell how they stand, in relation to surrounding clubs, in meeting community responsibilities.

President Kenneth Foust reported at the meeting that four waste containers, to be placed by Kiwanis on Lincoln Square to replace present cans which have become worn, will be available "in about 10 days." He said the makers of the containers claim their heavy construction will permit their use for 20 years or more.

Capt. William Richardson was named chairman of a "key committee" designed to seek to establish in the local high school a "key" club made up of students. Sponsored by Kiwanis International, the "key" clubs follow the same procedure, on a school scale, as the Kiwanis Clubs. A similar type organization for colleges is known as the "Circle K." The local club is also seeking to establish such an organization here.

Capt. Richardson and Postmaster Charles Pentz, who represented Kiwanis at the Georgia state monument dedication, reported on that program. Guests were introduced from Hanover, Harrisburg, New Jersey, Florida and Gettysburg. Group singing was led by Roy Thomas.

## SCOUTERS AT ROUND TABLE

Round table discussions among leaders of the Cub Scout, Boy Scout and Explorer Post units of the Black Walnut Scout District were held Tuesday evening at the West St. branch of the Gettysburg National Bank.

Joseph Sunbury led the discussion by the Cub Scout leaders on "Sleepy Hollow Land," the program to be employed by the Cub units next month. The making and use of puppets, distribution of copies of "Rip Van Winkle" and a discussion of how to write skits were among matters discussed. Fire Prevention Week material was also distributed.

Timothy E. Farrell, Allen Dubbs and Edward Rohanna led the discussion at the Boy Scouting round table on methods of conversation by Morse code, including the use of blinkers, buzzers and flags. The leaders were shown how to make a bulb blinker set that can be easily constructed by the individual Scouts as a means of learning the code and communicating between houses.

Dr. Richard Greenholt, Littlestown, led the session for Explorer leaders where much of the discussion pertained to methods by which the Explorer units may work more closely together. Plans were outlined for a leaders' dinner to be held Thursday night at Camp Tuckahoe.

Field Executive Stanley C. Rogers spoke on the nature and conservation course to be held October 13 and 14 at Pardee Field. He told the group that response shown at the camporee will determine the planning for future such events. He also reported plans for round tables to be held October 24 at a site to be announced.

## COUNTY CLUB ADDRESSED BY EDGAR RIEGLE

The depression, communism and Sputnik all have had an effect on education today, Gettysburg Superintendent of Schools H. Edgar Riegle told the Cash-town Lions Club at its meeting Tuesday evening at the Oran-tanna Methodist Church.

The depression years, followed by the war years when materials were unavailable held back needed school building during that period thus making more intense the need for new schools when the "population expansion" hit the schools.

The threat of communism has intensified the need for better education in democracy while the Sputnik triggered demands for greatly increased stress on science education.

Quoting Thomas Jefferson as saying "a free country cannot survive unless its citizens are educated," Riegle said that the "purpose of education is to perpetuate our democracy, to develop the individual student's competence and to encourage students to think and solve problems."

"We inherit our education. It is our responsibility to maintain this system and improve upon it as an inheritance for our children and grandchildren. With faith and trust the highest ideals of our educational program can be realized," he said.

The club voted a unanimous endorsement of the Junior Chamber of Commerce "Campaign Gettysburg" program.

Hostesses for the social hour followed the meeting were Mrs. George Eberhart, Mrs. Bernard Redding, Mrs. J. Glenn Guise and Mrs. William A. Hennig.

**BOY FATALLY SHOT**  
YORK, Pa. (AP) — Raymond Moore, 10, shot and killed himself accidentally Tuesday while playing with a .38 caliber revolver in his bedroom.

Dr. Thomas M. Hart, York County coroner, said the youngster fired one shot into a bed mattress, then shot himself behind the right ear.

He apparently found the loaded pistol in a storage room net to the bedroom, Hart explained.

**One Killed When Fire Breaks Out On Tanker; Ten Million Gallons Of Fuel Threatened**

By NOEL M. YANCEY  
MOREHEAD CITY, N. C. (AP) — Fire, possibly starting from a fisherman's dropped lantern, raced across oil-capped water and set off a series of explosions aboard a Navy tanker discharging aviation fuel Tuesday night.

The explosions and flames killed at least one person, injured 21 and for many hours threatened to touch off seven storage tanks containing more than 10 million gallons of aviation fuel.

Crewmen of the Navy tanker Potomac leaped into the burning water or scrambled frantically down the gangway.

The Potomac's paymaster, P. C. Newton, said he was certain that some of the 18 men aboard were trapped on the vessel.

**TREMENDOUS EXPLOSION**  
"It was a tremendous explosion, like dynamite going off, or an atomic bomb," said Wade Stanley, 51, of Four Oaks, N. C., who was fishing about 800 yards from the tanker with two companions.

Ed Early, a circulation representative of the Winston-Salem Journal said witnesses told him that a fisherman dropped a lantern from the bridge spanning the Newport River, between Morehead City and Beaufort. The witnesses said the lantern sent fire speeding across the water to the ship, which was discharging aviation fuel to be used at the Cherry Point Marine Air Station, 20 miles away, and Seymour Johnson Air Force Base at Goldsboro.

**STARTED NEAR BRIDGE**  
State Ports Manager Walter Friederichs could not verify the report of the dropped lantern but said it appeared that the fire did begin near the bridge.

An unidentified commercial fisherman piloted his craft through a wall of flaming gasoline to rescue seven crewmen who had leaped from the Potomac.

Long after the burning tanker had settled into the water, apparently broken in half, the flames threatened the storage tanks on Radio Island.

TWENTY-FIVE YEARS AGO

**Earle Talks To 4,000 At Rally Of Democrats:** Enthusiastic endorsement of President Roosevelt and his policies was given Saturday afternoon by a corps of speakers headed by Governor George H. Earle at the Democratic rally and ox roast at the South Mountain Fairgrounds. A crowd estimated at about 4,000 persons listened for two hours and a half to their governor, party candidates and other guest speakers.

Paying tribute to "the amazing knowledge of President Roosevelt," Governor Earle said: "If all the people in this country knew the President as intimately as I do there wouldn't be 10,000 Republican votes in the whole nation. He has the biggest heart and the biggest brain of any man in this country."

**Girl, 17, Killed As Car Leaves Road:** A 17-year-old girl was instantly killed when the car in which she was an occupant was driven over an embankment at 10:40 o'clock Sunday evening, throwing her clear of the car and crushing her head against a fence post. The accident occurred four miles south of Hanover, on the Westminster road.

The girl, Arlene Miller, daughter of Joseph and Hilda Martin Miller, New Oxford, R. 1, near Cross Keys, was riding in the rumble seat of the Ford roadster driven by J. William Vingling, 18, 237 Centennial avenue, Hanover, Robert Weaver, 19, 517 North Street, McSherrytown, and Gladys Alder, 18, also of New Oxford R. 1, near Cross Keys, were other occupants of the car. None of the latter three was injured.

**School Board Buys Furniture** Costing \$4,953: Bids totaling \$4,953.34 for furniture and equipment in the rooms of the new north wing at the Gettysburg High School building were opened Monday evening at a special meeting of the Gettysburg School board in the high school building.

By a vote of five to two, the directors decided to accept the bid of \$3,390 by the N. Snellenburg company, of Philadelphia, for furniture in the science rooms of the new addition. This company promised to complete the installation of the equipment in the five-week period specified by the school board in its call for bids. A. M. Keller represented the company and presented several samples of science room furniture.

**Fair Receipts Pay Expenses, Improvements:** The South Mountain Fair for 1936, that closed September 18 after a record three-day run, was a success financially. That was determined at a special meeting of the executive committee of the fair association Monday evening at the fair grounds.

Receipts from all sources totaled \$7,399.41, fair officials learned Monday evening. To this sum will be added the state appropriation which is expected to amount to \$600 or \$700. Exact figures on the total expenditures were not available, but basing their estimates on their experience of former years, members of the executive group placed expenses at approximately \$7,703.

**New Method Of Inspection Of Apples Urged:** With three Adams county apple canners or their representatives in attendance, the Adams county fruit growers' association held a special meeting Monday evening in the Biglerville auditorium to discuss the problem of whether apples shall be sold under inspection or in bulk, and if under inspection, what grades shall be used. For several years fruitgrowers have expressed dissatisfaction with the work being done by state-federal inspectors placed at the various canning houses and paid in part by their operators. The system has been under fire because of the alleged lack of uniformity in the work of the inspectors and

## Today's Talk

**A BETTER DAY**  
Few of us are ever satisfied, even to a remote degree, with any of our days.

One reason for this, I believe, is that we measure too many of our days by our yesterdays. If we would enter each day as though it were to be our last, or was to be held up as an example of our best, what a day we would try to make it!

I like to think of each new day as something fresh and choice, something that won't come my way again. I like to say that this day is a small edition of life itself—a limited edition de luxe.

I believe that more happiness comes out of the simple resolve to make today a better day than from anything else. The day is our field, our battleground, our chance.

If we could awake each morning with this line in bold, gold letters before our beds—"A Better Day," I believe it wouldn't matter whether it rained or the sun shone.

And then if we would just do one simple thing each day to make it a better day for someone else, that would mean so much more. For really good days are those in which we help someone, make someone happier or less afraid of life.

What news to bring home: "Well, this has been a better day."

Each day can be made a better day. Each day can outshine any other previous day. But you have to climb into it frontwards and not backwards. That's what makes all the difference in the world.

Tomorrow Mr. Adams will talk on the subject: "Ask All Of Life." Protected, 1961, by The George Matthews Adams Service

## Just Folks

**THE UNFINISHED CITY**  
They're always tearing up the town,  
And glad am I 'tis so;  
They're always pulling buildings down  
That larger ones may grow.  
There seems to be no quiet street  
Where things are settled and complete.

These great machines are ugly things,  
Which trench and lift and dig,  
And yet 'tis ugliness which brings  
The pains of growing big.  
'Tis strange, wherever I have been,  
A perfect town I've never seen.

What is to be I cannot say,  
What was I've known and lost.  
There comes a change with every day,  
Old dreams aside are tossed.  
A building holds its place, and then  
Comes down that men may build again.

And if you fret at barricades,  
And piles of bricks and stone,  
If from your sight some beauty fades  
Which you have loved and known,  
Think not the torn up city strange,  
For life itself is constant change.

## DICK POWELL

**SERIES OPENS AUSPICIOUSLY**

By CYNTHIA LOWRY  
AP TV-Radio Writer

NEW YORK (AP)—Dick Powell got his NBC anthology series off to a smooth start Tuesday night with a glossy detective story which could easily be developed into an attractive weekly feature. "Who Killed Julie Greer?" was the opening show and Powell shrewdly made it into a special audience-builder by having such stars as Ralph Bellamy, Ronald Reagan, Mickey Rooney and Nick Adams playing small colorful parts.

The story itself was a rather uncomplicated one: somebody strangled a pretty playgirl—somebody whose name was in her little black book, Police Inspector Amos Burke, played by the urbane Powell, headed the investigation to find which of her admirers it was. The windup, unfortunately, was rather easy to predict. But the interesting and attractive character was the one Powell played, a millionaire career cop who rode around in a chauffeur-driven limousine with built-in bar and telephone, jauntily solving crimes.

night. If nothing else, the program ought to produce some irate letters from New England viewers who might feel with some justification that their mores and certainly their speech have been libeled.

The comedy series is pegged on that old chestnut, the smart New Yorker who moves into the old, New England small town. Naturally, the big city wise guy is going to be outwitted at every turn.

The script is studded with homely, rural truisms but the truly remarkable aspect of the show is an uninhibited laugh track that sends out loud bleats almost without provocation.

**TIED ALREADY**  
Robert Sterling, a tall, slim, handsome fellow with a rather heavy hand with comedy, plays the transplanted New Yorker, George Chandler is Ichabod, Sterling's elderly Yankee sparring partner.

This one is really a pretty tired, clumsy effort.

Funeral services for Sarah Georganna Crabbs, 87, who died Sunday morning at the IOOF Home, Frederick, and was a resident of Union Bridge before entering the home, were held Tuesday afternoon at the Fuss Funeral Home, Taneytown, with Rev. Seth S. Hester, assisted by Rev. Harry Angle, officiating. Interment was in the Mt. Union Cemetery. Pallbearers were Charles Buffington, Paul Crabbs, Merlin Crabbs, Clinton Crabbs, Donald Lambert and Charles Foreman.

## BRING DAMAGE SUIT

W. D. Kutz Sr., Hanover, is named defendant in a damage suit filed in York common pleas court on Tuesday, on behalf of four Baltimore residents.

Joan T. Hogg and Fred R. Koehler, injured in an automobile accident in Littlestown on November 23, 1958, each seek damages in excess of 5,000. Frank and Mabel Koehler, owners of the car in which the injured were riding, also seek \$419 damages for repairs to the car.

## GRID PLAYER

**PASSES AWAY**

PHILADELPHIA (AP)—John Sherer, 20, a former all-state football player from Lincoln High School, collapsed and died Tuesday night after a workout at a recreation center, police reported.

Sherer won all-state honors at Lincoln in 1958 and played on the University of Miami freshman squad in 1959. He quit school to sign a contract with the New York Titans of the American Football League.

Sherer, who was on the Titans' inactive roster, had joined the Franklin Miners of Dover, N.J., a semi-pro team.

Meanwhile, the medical examiner's office said that the death of Peter A. Villa, 22, a lineman on Villanova University's freshman and junior varsity teams, 1958 and 1959, was due to a rheumatic heart disease. Villa died Monday night after a workout with the Tincum Athletic Club team.

## BUFFALO NEAR TITLE

LOUISVILLE, Ky. (AP)—Buffalo Manager Kerby Farrell feels confident he's riding a winner today as baseball's Junior World Series moves to the land of blue grass and mint juleps.

Farrell's "horses" raced to a 3-0 advantage over Louisville of the American Association in the best-of-7 series Tuesday night in Buffalo's War Memorial Stadium.

Bobby Sadowski's three-run homer in the eighth inning gave the Bisons a 6-5 decision after the Colonels had taken a two-run edge in the top of the frame.

## LAWYER GUILTY

PITTSBURGH (AP)—M. Dennis Collins, a Pittsburgh efficiency expert who reportedly earned \$40,000 a year, has pleaded guilty to cheating a steel broker out of \$91,000.

Collins entered guilty pleas Tuesday on 11 charges of forgery and one charge of fraudulent conversion in Allegheny County Criminal Court.

BEDFORD, Pa. (AP)—The Outdoor Advertising Association of Pennsylvania has re-elected Don C. Nokes of Johnstown as president.

Others re-elected Tuesday night were James Carey, Williamsport, vice president; and Jack Davis, Reading, executive vice president. Elected secretary-treasurer was Arly Rees, Forty Fort, Luzerne County.

MARTINSBURG, Pa. (AP)—A tractor overturned Tuesday on a farm at Martinsburg R. D. Blair County, crushing to death Charles Russell, 14.

Members of the Russell family told authorities the boy apparently made a sharp turn on the tractor while chasing cattle on the family farm, causing the vehicle to overturn.

Hitting — Roger Maris, Yankees, hit 60th home run in third inning of 3-2 victory over Orioles and matched Babe Ruth's 60-homer total of 1927.

Pitching — Joe Gibbon, Pirates, hurled one-hitter for 8-0 victory over Dodgers in nightcap of doubleheader that eliminated Los Angeles and gave Cincinnati Reds their first National League pennant in 21 years.

## Player Hold Edge

**In PGA Winnings**

DUNEDIN, Fla. (AP)—Gary Player continues to hold a demanding edge in his bid for professional golf's money crown.

Player's total earnings for 26 tournaments this year is \$63,490. This is far short of Arnold Palmer's record total of more than \$80,000 last year.

Palmer continues in second spot with \$57,732 but his position is being seriously challenged by Doug Sanders who has made 34 tournaments pay off for \$53,513.

PITTSBURGH (AP)—Pitt football coach Johnny Michelosen is a bit on the gloomy side about his team's home opener Saturday against Baylor.

"We could get beat badly, by a lot of points," Michelosen said Tuesday. "You have heard about Baylor's fast backs and their willingness to pass from anywhere on the field."

Hitting — Roger Maris, Yankees, hit 60th home run in third inning of 3-2 victory over Orioles and matched Babe Ruth's 60-homer total of 1927.

Pitching — Joe Gibbon, Pirates, hurled one-hitter for 8-0 victory over Dodgers in nightcap of doubleheader that eliminated Los Angeles and gave Cincinnati Reds their first National League pennant in 21 years.

## Cincinnati Wins 1st NL Flag In 21 Years; Joe Gibbon Hurls 1-Hitter

By MIKE RATHET

Associated Press Sports Writer

"Reds si, Yankees no."

That was the main theme as

the long-frustrated Cincinnati cit-

izenry celebrated the Reds' first

National League pennant in 21

years with a rash of superlatives

for their heroes and a deep bow

in the direction of Pittsburgh

pitcher Joe Gibbon.

The Reds beat the Chicago Cubs

6-3 in a day game Tuesday earn-

ing a tie for the NL flag, then

had to wait for Gibbon to get the

actual clinching job done by elim-

inating the second-place Los An-

geles Dodgers with a one-hitter.

That victory, an 8-0 shutout af-

ter the Dodgers had remained in

contention with a 5-3 victory in

the first game of a two-night dou-

bleheader, sent the Reds into the

World Series against the Ameri-

can League champion New York

Yankees.

**BROSNIAN ACE RELIEVER**

To ace reliever Jim Brosnian

(10-3) went the honor of nailing

down Cincinnati's long-awaited

pennant. Brosnian set the Cubs

down on one hit over the final

three innings. Jerry Lynch provid-

ed the winning runs with a two-

run homer in the eighth that

snapped a 3-3 tie.

The Reds' long day started in

the first inning when Chicago

scored against starter Bob Pur-

key on Don Zimmer's single, a

passed ball and George Altman's

double. The Cubs added two in

the fifth when the Reds defense

collapsed following a two-out sin-

gle by Cub starter Bob Anderson.

Richie Ashburn's roller went for

a hit when second baseman Don

Blasingame failed to rush in, and

Don Zimmer was credited with a

hit when Gene Freese allowed his

lap down third to roll and the

ball stayed fair.

**BATTLED BACK**

Ernie Banks then bounced to

shortstop Eddie Kasko but his

throw to Blasingame for a force-

out was wide. Anderson scored and

the bases remained loaded. Alt-

man's walk forced in the other

run before the side was retired.

The Reds battled back. Held to

one hit over five innings, they

scored their first run in the fifth

on a leadoff homer by John Ed-

wards and put it away when

Frank Robinson hit a two-run

homer in the seventh off Ander-

son (7-10) and Lynch connected

in the eighth.

At Pittsburgh, the Dodgers hung

on by winning the opener behind

Stan Williams (14-12) with a five-

run second inning outburst against

Bob Friend (14-19). Jim Gilliam's

bases-loaded triple was the key

blow.

That was the Dodgers last

chance. Gibbon completely sub-

dued them in the nightcap, allow-

## JOE GIBBON BARS DODGERS FROM PENNANT

PITTSBURGH (AP)—Southpaw

Joe Gibbon pitched the best game

of his major league career Tues-

day night—and it knocked the Los

Angeles Dodgers out of the Na-

tional League pennant race.

Gibbon gave up only one hit in

shutting out the Dodgers 8-0 in

the second game of a two-night

doubleheader. The Dodgers won

the first game 5-3, scoring all of

their runs in the second inning.

Four of the five runs were un-

earned, coming after an error by

shortstop Dick Groat.

Gibbon was the whole story in

the second game. He struck out

seven and walked three in record-

ing his third shutout of the season

to give him a 12-0 record.

**WANTED NO-HITTER**

"I knew I was working on a

no-hitter but I was thinking more

of getting a shutout," said Gibbon

after the game. "That ball hit by

Bob Aspromonte was a good

pitch."

Aspromonte led off the sixth

inning with a well driven ball to

left field. He moved to second

base on a fielder's choice but was

picked off the bag on a throw

from Gibbon to Groat.

The Pirates sewed up their vic-

tory with a five-run outburst in

the third inning off Don Drysdale

who gave up five singles, a walk

and hit a batter.

**LOSS FOR FRIEND**

Stan Williams, now 14-12, re-

ceived credit for the first game

victory. However, he was relieved

in the ninth when he gave up a

walk and a single.

The Pirates scored one run in

the fourth inning and two more

in the eighth on Dick Stuart's 32nd

homer far over the left field

scoreboard.

The defeat was charged to Bob

Friend who allowed six hits but

only one earned run in 1 1/3 in-

nings. Friend now is 14-19.

NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:

Wedded life has its problems, but a survey showed headaches afflict only 61 per cent of married people—but 70.8 per cent of those who enjoy single bliss.

In ancient Greece the gals counted their age from their marriage, not from their birth. And what wife today still wouldn't like to?

It may cost you \$10,000 or more to send a son through college, but it's a good gamble. A college degree is now estimated to be worth \$169,000 in added lifetime earnings.

## DENY RELEASE TO PRISONER

CAMDEN, N. J. (AP)—Judge Thomas M. Madden, of United States District Court, has refused to grant a new trial or to release from jail Herman Kravitz, 42, Atlantic City clothing manufacturer.

Kravitz, convicted of income tax evasion, is serving a 10-year sentence in the federal prison at Lewisburg Pa.

Madden said Kravitz had not produced any new evidence to warrant release or a new trial. Madden, who also fined Kravitz \$30,000 in pronouncing sentence, noted that Kravitz's personal and corporate tax liability was \$1,882,897 up to last March.

Kravitz and his father, Samuel, headed a clothing firm which was charged with fraud in the manufacture of Army uniforms during World War II and the Korean war. The elder Kravitz's conviction was overturned by the United States Circuit Court of Appeals. Herman Kravitz carried his appeal to the United States Supreme Court, but was turned down last January. He began serving his prison term in February.

## Pres. Kennedy Is Uncle Again

BOSTON (AP) — President Kennedy became an uncle again Tuesday.

A son was born at St. Elizabeth's Hospital to Joan Kennedy, wife of Edward M. Kennedy, the President's youngest brother.

The baby is the second child of Mr. and Mrs. Kennedy. They have a daughter, Kara, born 18 months ago.

The mother is the former Joan Bennett of Bronxville, N.Y. Her heritage is Republican, but she was an active campaigner for her brother-in-law in the presidential campaign.

Intermediate Girl Scout Troop 7 met Monday evening in Xavier Hall. Patrol leaders were elected as follows: Patrol 1 leader, Joan Shetter; assistant, Paula Stotler; scribe, Kathy Redding; Patrol 11 leader, Becky Frazer; assistant, Susan Hess; scribe, Katie Ritter. The girls surprised Mrs. Jay P. Brown by singing happy birthday, and presenting her a gift. Mrs. Brown and Mrs. Romeo Capozzi are the leaders and Vicki Shetter, senior aide.

## Volcano On Pahoia Is Still Heaving

PAHOA, Hawaii (AP) — "It doesn't look like we're out of this yet—that thing is still heaving," a volcano expert said Monday after unpredictable Kilauea shut off another flow of molten lava.

Don Richter, scientist in charge of the volcano observatory, said there was no way of telling where — or when — the volcano might

blow again. He said Kilauea's summit has risen six feet in the past year from increasing pressure far beneath the surface.

Kilauea, one of the world's most active volcanoes, has spewed lava at three places since Friday.

## SPECIALISTS START WORK ON SCHOOL PLANS

By HERB LINNEN  
HARRISBURG (AP) — A committee of Pennsylvania education leaders today started laying the foundations for consolidating the state's school districts into fewer and bigger units.

The 21-member committee scheduled an all-day session to discuss the school district reorganization act signed by Gov. Lawrence Sept. 12. It calls for redividing the state's 2,185 districts into between 300 and 400 units by July 1, 1965.

"We expect to consider the whole concept of standards for reorganization during our first meeting," said Dr. Ralph Swan, deputy superintendent of public instruction and committee chairman.

### DPI SPECIALISTS

Swan said the committee probably would set up subcommittees assigned to specific tasks at its first meeting.

The committee comprises specialists from the Department of Public Instruction, representatives of the Governor's Committee on Education, and leaders of all groups concerned with education in Pennsylvania.

## Bergman's Jenny Leaves Her Hubby

SAN FRANCISCO (AP)—Textile heir Fuller E. Callaway III confirmed Monday that his pretty wife, daughter of film star Ingrid Bergman, has left him.

Friends of the couple said Mrs. Callaway, the former Jenny Ann Lindstrom, wants a divorce and plans to study drama at Stanford University.

Callaway, 29, said she moved out of his San Francisco apartment and was setting up her own in Menlo Park near the Stanford campus.

Mrs. Callaway, 22, was a student at Mills College in Oakland when she married the heir to a Georgia textile fortune, in February 1960.

Jenny Ann, slender, green-eyed and poised, bears a striking resemblance to her mother, an Academy Award-winning film star.

Friends of the young couple said Mrs. Callaway wanted a divorce. Callaway said he didn't know whether she did or not.

It was established by a resolution adopted unanimously last week by the State Council of Education. The council must adopt standards by Jan. 1 for implementing the vast reorganization plan.

The committee will develop proposed standards for reorganization and submit them to county and district superintendents for study.

The reorganization act lists these general standards as the main points to be considered in meshing the various school districts into larger, fewer units:

Topography, pupil population, socio-economic characteristics, transportation facilities for pupils, utilization of existing school buildings, existing administrative units and potential population changes.

The committee will have to work out definitions of these terms to be applied in deciding which districts will be combined with others.

## COURT RULES YANKEE WAS SLANDERED

AUGSBURG, Germany (AP) — Reporter Siegfried Naujocks of the "Overseas Weekly" was convicted by a German court today of slandering Maj. Gen. Edwin A. Walker.

The court ordered a fine of 1,200 marks—\$300—or 30 days in jail. After three days of testimony the court ruled that Naujocks, a German citizen, slandered Walker in telling three members of Walker's division last December that the general suffered from a brain tumor and that he had seen a medical report proving it. He never produced such a report in court.

The trial was based on a complaint filed by Walker after word of the brain tumor stories reached him.

Naujocks was one of the authors of a report published last April by "Overseas Weekly" in which Walker was accused of distributing material from the controversial John Birch Society in his troop information program.

The report prompted an Army investigation. The general was relieved of command of his division and admonished by the Army commander in chief in Europe, Gen. Bruce C. Clark.

## Cost Of Living Drops In August Due To Fresh Foods

WASHINGTON (AP)—The cost of living dipped one-tenth of one per cent in August, the Labor Department announced Tuesday, mainly because of plentiful fresh foods at lower cost.

The department said consumer prices have risen one-half of one per cent in the first eight months of this year, "less than during any comparable period since 1955."

This stability was achieved in spite of July's jump of nearly one-half of one per cent which carried the index to a record of 128.1 per cent of the 1947-49 average, used as a base. The downward movement last month brought the level to 126 per cent.

That meant that the typical assortment of goods and services making up the living costs of the average city family cost 28 per cent more in August than in the period immediately after World War II.

### INCREASE IN CARS

Ewan Clague, commissioner of the Bureau of Labor Statistics, said the net advance for this year stemmed mainly from steady increases in the cost of used cars and the price of various services including rents, medical care, entertainment costs and public transportation.

Clague predicted the index will show a rise for September, for two reasons—an increase in used car prices is expected before the arrival of new models on the market, and the introduction of fall clothing lines will boost the apparel index following the late season summer clearance sales.

October's index normally would rise, Clague said, because of new car models selling at or near their list prices. November and December may bring a downward movement as meat prices fall.

### MANY GET BOOST

Despite the August living costs decline, about 120,000 workers in aircraft and missile plants and small metal-working firms will get cost-of-living pay boosts under wage contracts tied to quarterly changes in the consumer price index. The quarterly index was up.

Some 100,000 employees of North American, Lockheed and Martin aircraft companies will get a cent hourly increase. About 20,000 workers of Republic Aircraft will receive two cents.

The contracts for about 590,000 workers in the steel industry would permit a three-cent increase in hourly pay, but Clague said it is not yet known whether all or part of this increase will go to the workers in cash starting

Oct. 1, or will be used up in offsetting the increased costs of insurance for the workers. In December, a three-cent increase was used to cover the insurance rise.

### EARNINGS WERE LOWER

The spendable earnings of factory workers in August were slightly below the record highs of June and July. After deduction of income and Social Security taxes, the average take-home pay of a worker with three dependents was \$83.40 a week in August; for a worker with no dependents, \$75.79.

Even so, the slight dip in consumer prices brought to factory workers a buying power which was 2½ per cent above a year ago and an August record.

## GROUCHO MARX STARS IN NEW DRAMATIC BIT

By BOB THOMAS  
AP Movie-TV Writer

HOLLYWOOD (AP)—Groucho Marx in a dead serious drama? Yep—but not the lecherous, impudent, crouch-walking Professor Hackenbush of the Marx brothers comedies. Nor the sly, impudent quiz master of television.

Groucho was doing a scene on a country club terrace in which he and Fred Clark discussed the impending marriage of their children. Fred was all for supporting the kids through college. Groucho argued that they should wait to marry, rather than start their wedded life on a handout basis.

"Cut!" said director Charlie Haas after the lengthy no-joke scene.

### IN SERIOUS ROLE

Groucho came over to explain this turn in his career.

"This is the first time I've ever played a serious role," he said, "unless you count that last comedy I made."

"They took away all my trademarks. I can't even smoke a cigar."

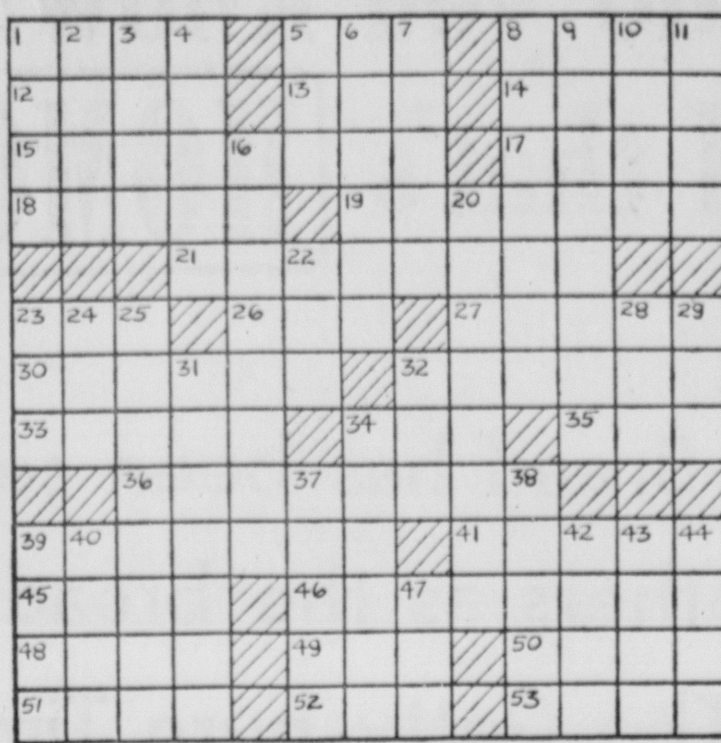

"Not for the money, I assure you. I'm okay there. In fact this check goes right to the government."

"Why am I doing it? Because I always thought that comedy was much harder to do than drama and I wanted to see if I was right. I think I am."

## WANTS RECORD OF PRICE FIXES

PHILADELPHIA (AP)—The Department of Justice has asked U.S. District Court for permission to examine certain records and exhibits offered during a grand jury probe of price fixing in the heavy electrical equipment industry.

If it doesn't get the documents, the department said Monday, it may be forced to call another grand jury probe.

The department wants to give the documents used in the probe of eight firms, including Westinghouse and General Electric, to the Federal Trade Commission. The FTC is trying to find out if the companies violated a cease and desist order entered by the FTC in 1937.

Bradley Ward, counsel for the firms, objected, saying there was no relation between the charges in the indictments and the occurrences in 1937.

Judge Harold K. Wood took the case under advisement.

## New Art Theft In Sicily Is Reported

PALERMO, Sicily (AP)—Paintings and other valuable art worth nearly a million dollars were reported stolen Tuesday from the villa of a Sicilian nobleman.

Baron Bordonaro Ortolova told police the thieves took only the best of his treasures—including works by Titian and Van Dyck.

"Whoever they were," he said, "they were led by art experts."

The baron told police the thieves took 23 of his most valuable paintings, valuable ceramics and antique silver.

The theft apparently occurred during the weekend, when the villa on the outskirts of Palermo was unoccupied. It was discovered Monday night when the baron returned from his country estate.

ple of years she might run off with some gas station attendant and find out she's living a lot differently from how she did before."

More dramatic roles? Maybe, though he isn't looking for anything strenuous. He turned down a "Wagon Train" because of the location. Well-fixed at 66—next week—he aims to enjoy life.

## WANT NEGROES ADMITTED TO CHURCH GROUP

KANSAS CITY, Mo. (AP)—At the international convention of Christian Churches this week, a philosophy of church government is involved.

A group of integrationists wants the convention to order the all-white National City Christian church in Washington to seek Negro members.

The Christian Churches—Disciples of Christ—are an association of almost 8,000 congregations with about two million members and through them runs a deep conviction that no minister, no synod, or no convention should have the power to tell a local church what it must do.

### NOT GOVERNING BODY

The convention, therefore, is not a governing body. Its annual assembly, which will bring about 13,000 delegates together in Kansas City over the coming weekend, is a sort of town meeting for exchange of thought and inspiration.

The proposed resolution says the fact National City has no Negro members is an affront to 90,000 Negroes who belong to Christian Churches.

The resolution comes from McCarty Memorial Christian church in Los Angeles, an interracial congregation. Other proponents include Dr. Winfred E. Garrison, professor of religion and philosophy at the University of Houston, and M. Searle Bates, on the faculty of Union Theological Seminary in New York.

## Relief Chiselers Are Returned Home

NEW YORK (AP)—City and state officials are speeding the return to other states and Puerto Rico of families they say come to New York and go on relief but make no attempt to find work.

Peter Kasius, deputy state welfare commissioner, disclosed Monday that 142 welfare applicants returned—at New York's taxpayers' expense—to their home states and Puerto Rico in the past two months.

Of these, Kasius said, 43 returned to Puerto Rico and 52 to Southern states.

Kasius' disclosure followed charges last week by officials in New York that some states were laying out money for welfare recipients to come here.

## SOUTH STANDS WITH KENNEDY

NASHVILLE, Tenn. (AP)—Southern governors put aside sectional problems today and stood united behind the Kennedy administration's promise to work for peace but never to surrender to blackmail.

Vice President Lyndon B. Johnson, substituting at the Southern Governors' Conference Monday night for President Kennedy, warned the Soviets not to misjudge the character and strength of this nation, lest the world be pushed into nuclear war.

### SHUN APPEASEMENT

"We seek peace but we shun appeasement because we have learned appeasement is surrender on the installment plan and the signal for ultimate war," the vice president said.

Johnson spoke slowly and at times grimly. He drew his big, gest apause from the 17 governors present when he declared the United States would never desert West Berlin or Nationalist China.

A resolution, submitted by Govs. Lindsay Almond of Virginia and Orval Faubus of Arkansas, was adopted in which Kennedy's speech was termed "a magnificent address."

## MENTAL CASES SUB FOR OLD TYPE ROBBERY

By CYNTHIA LOWRY  
AP TV-Radio Writer

NEW YORK (AP)—Coincidence has a long arm and NBC's new cops-and-psychos series, "87th Precinct," twisted it like a pretzel Monday night.

Mental cases have almost completely replaced old fashioned robbers in TV's police action stories so we're accustomed now to lone ly hearts killers with sadistic impulses. Monday night's sick, sick man was a fellow who fancied himself—and literally was—a lady killer. His penchant for having his victims-to-be painfully tattooed was the important clue to his capture.

We also had the deaf mute wife of a police sergeant suddenly deciding to have herself tattooed. While in the needle artist's parlor she just happened to run into the killer her husband was after. Now that's a rare coincidence.

### LIKE ELIOT NESS

Pretty Gena Rowlands plays Teddy, the deaf-mute, and is a member of the regular cast, too—and all.

Robert Lansing is her husband, detective Steve Carella. He not only looks a little like Robert Stack of Eliot Ness fame, but plays in the same intense, grim style. There are three other detectives too, and presumably they will rotate the leading parts from week to week. All the other shows with multiple heroes do.

### PAAR DROPS APPEARANCE

Net Sunday's "Meet the Press" guest on NBC will be Frederick Boland, Ireland's delegate to the United Nations and past president of the organization. Boland takes the seat originally reserved for Jack Paar, who at the height of his Berlin show controversy asked for a chance to take his case to the people. "Meet the Press"—and probably the NBC brass as well—apparently had some second thoughts about this and the invitation was withdrawn.

# \$3 BILLION BILL SENT TO WHITE HOUSE

WASHINGTON (AP)—Congress sent to the White House Tuesday a bill appropriating \$3,006,880,000 to finance federal public works and the Atomic Energy Commission on the current fiscal year.

## Final Night Race At Grove Sunday

WILLIAMS GROVE — "Ladies Night" this Sunday will be observed at the modified stock car races, marking the finale of night time racing for the 1961 season on the Williams Grove Speedway.

While this week's card will be the swansong for racing "under the lights," it will by no means signal the close of the season at the half-mile oval with racing to continue indefinitely on Sunday afternoons as long as weather conditions permit.

Owner Bob Richwine announced that ladies and children will be admitted free to this Sunday night's action-packed program to get underway at 8 p.m.

Following this week's modified speedfest, the U.S. Auto Club's sprint cars will roll in the annual Ted Horn-Bill Schindler Memorial Trophy racing classic on Sunday afternoon, October 8.

## One Killed, Two Hurt In Collision

INDIANA, Pa. (AP) — A 21-year-old Indiana County man was killed and two others injured Tuesday in a two-car crash on Route 210, a half mile East of Sagamore at the Indiana-Armstrong County line.

Thomas W. Shirey, of Sagamore, driver of one car, died of a fractured skull.

John E. Kotak, 20, a passenger in the Shirey car and John E. Matty, 21, the other driver, both of Sagamore, are in satisfactory condition in Indiana Hospital.

If halfback Ernie Davis repeats as an All-American selection this fall he will be the first Orange football player so chosen since 1919 when guard Joe Alexander was All-America for the second time.

Pennsylvania — Saw Mill Run \$20,000.

## The POWER of FAITH by Howard Brodie

"Lead, kindly Light . . . Keep thou my feet;  
I do not ask to see the distant scene; one step enough for me."

A weakened, confused young man, becalmed at sea, penned the words of the renowned hymn: Recuperating from almost fatal fever and confused with religious questions, 32-year-old John Henry Newman manifested his faith by writing this hymn as his ship was becalmed on a homeward voyage to England in 1833. He lived to be almost 90 and became a Cardinal. His words lived to inspire Presidents McKinley, Franklin Roosevelt and Gandhi, and to strengthen Lincoln Ellsworth when his plane was crippled in the Antarctic.

"So long thy power hath blest me, sure it still will lead me on . . .  
till the night is gone."

## 12 STUDENTS AT LHS EARN CERTIFICATES

Twelve students at Littlestown High School have received certificates for their outstanding performances on the National Educational Development Tests, F. E. Basehoar, school principal, has announced.

The certificates of educational development were awarded by Science Research Associates, a Chicago-based firm serving education, industry and government through applied behavioral sciences. Recipients include: Sandra L. Arter, James S. Bowersox, Lowry M. Close, Karen L. Hildebrand, Linda R. Knipple, Judy A. Kooztz, Raymond D. Mikesell, John A. Moon, Terrence M. Morelock, Gail L. Reindollar, Tim C. Stites and Kathryn A. H. Weikert.

In March, 1961, according to Lyle M. Spencer, president of SRA, NEDT exams were administered to more than 366,900 students in Ninth and 10th Grade classes across the nation. The certificates are provided for students scoring in the top quarter of each state's participants by grade.

**GUIDE FOR CAREERS**  
Prepared and administered by SRA, the NEDT provided scores in English, social studies, mathematics, natural sciences and word usage. The evaluation of educational strengths and weaknesses is particularly important at this stage of a student's scholastic career, the principal explained, so that school authorities, parents and the students themselves may make better decisions about future careers.

A special aim of the program, the principal added, is to enable parents and educators to provide realistic guidance and motivation for high school youngsters.

## NIXON DECIDES ON 1962 RACE ON TV TONIGHT

By MORRIE LANDSBERG

LOS ANGELES (AP)—Richard M. Nixon steps before a televised news conference tonight to answer the big question—will he run for governor of California next year? Even his closest advisors professed not to know in advance whether it would be yes or no. At least they weren't talking.

Everything seemed to point toward a campaign by the 1960 Republican presidential nominee to dump Democratic Gov. Edmund G. Brown.

There was the careful staging of the announcement, the steady buildup of a "draft Nixon" clamor within the state GOP, little hints here and there.

But, just as easily, puzzled guessers could make out a sound case for a decision by Nixon, 48, not to chance his political future with state voters who are better than 3-2 Democratic.

### DIVIDED ON COURSE

Republicans themselves are divided on Nixon's course. Some

have told him that he needs the governorship to build a platform for another national race in 1964 or 1968.

Others have argued that Nixon, with his national party stature, doesn't need an office to keep in the public eye. They have warned, too, that he faces a stubborn battle for the state nomination, particularly from former Gov. Goodwin J. Knight.

Talk about Nixon's possible candidacy for governor began right after he lost the presidency. It came into the open in February when Sen. Barry Goldwater, R-Ariz., declared Nixon must win the state post if he expected to run again for president in 1964.

### BEGGED BY LEADERS

The former vice president told friends in March that he was not a candidate and he had no intention of being one. By July he was saying he would run "only if the party concludes I am the only man who can 'save' the state."

State Republican leaders, confident they had a winner, have implored Nixon for months to get into the race. A poll of Republican State Central Committee members showed he was the choice of 687 of the 972 who replied.

## TEACHER UNIT HOLDS SESSION

The Omega chapter of Delta Kappa Gamma, international society for women educators, met Saturday afternoon at the home of Miss Helen Barbour, Chambersburg.

A necrology service was held for Miss Louella Oyler, who died last summer, by Miss Evelyn Orner and a committee including Miss Ruth McIlhenny, Miss Helen Barbour, Miss Alma Miller and Mrs. Donald Sheely.

The business meeting was conducted by the president, Miss Jean Biggs. Reports of committees were presented and the individual teachers gave resumes of their outstanding summer activities. Miss Biggs was presented with a president's pin at the close of the meeting.

It was announced that the fall regional conference will be held Saturday at Treadway Inn, Lebanon. Miss Biggs, Miss Alice Snyder and Mrs. Hilda Diehl will attend from this area.

Mr. and Mrs. Clifton F. Null, Cross Keys, were honored at their home Sunday in celebration of their golden wedding anniversary. Open house was arranged by their children. The home was decorated with 50 golden chrysanthemums and a huge wedding cake graced the table. Refreshments were served to about 200 relatives and friends. The couple received many gifts.

Clinton F. Null, 70, and his wife, Clara E. Null, 68, were married September 22, 1911, in Westminster, Md., at the home of Mr. and Mrs. Wesley Bemiller by the Rev. William H. Hetrick. They resided in the Hanover area most of their married life. They are the parents of three children, Bertha Bongardner, Ethel Feeser and Fern Leroy Null, all of Hanover. They have four grandchildren and four great-grandchildren. Guests were present from Lancaster, Littlestown, Gettysburg, Harney, Annville, New Oxford, Hanover, Brodbeck and Menges Mills.

der and Mrs. Hilda Diehl will attend from this area.

The next meeting of the Omega chapter will be held October 14 at the Lamp Post Tea Room here with initiation of new members to be held at 11:30 a.m. and luncheon at 12:30 p.m. Dr. Frank N. Kramer of Gettysburg will speak on "Chinese Jade."

Teachers from Waynesboro, Chambersburg, Mercersburg, Greencastle, Littlestown, Richmond Furnace and Gettysburg attended Saturday's meeting. Among those from Gettysburg area attending were Miss Alma Miller, Miss Evelyn Orner, Miss Mary Hartman, Mrs. Hilda Diehl, Miss Ruth McIlhenny, Miss Alice Snyder, Miss LeOra Held, Mrs. Charles A. Sloat, Mrs. Charles Sprigg, Mrs. Charles Raffensperger, Mrs. Donald Sheely and Miss Biggs.

Wrap a slice of bacon around a very large stuffed green olive. Place the wrapped olives on a wire rack in a shallow pan and broil until the bacon is crisp. Turn once and drain quickly on absorbent paper so you can serve these tidbits hot.

## WHITE HOUSE OPENS SOCIAL SEASON OCT. 9

By FRANCES LEWINE

WASHINGTON (AP)—The White House is getting its fall social season under way, piecemeal and following tradition after a fashion.

The first major event that falls into the scheme of customary presidential entertaining is a big judicial reception scheduled for Monday night, Oct. 9.

The Supreme Court, federal judges and about 400 guests will be invited. Instead of the usual 9 p.m. formal white tie reception time of other years, the Kennedys will entertain from 6 to 8 p.m., with dress informal.

The White House is issuing its

social plans monthly instead of for the entire season.

### MANY STATE VISITS

The problem, according to the social secretary, is the increasing number of state visits that require the scheduling of a formal White House state dinner for visiting heads of state.

Such a white tie dinner was held Sept. 19 for President Manuel Prado of Peru. It brought Mrs. Kennedy back briefly from a Cape Cod vacation.

She'll come back from a Newport, R.I., vacation to join her husband in greeting President Ibrahim Abboud of Sudan, Wednesday, Oct. 4.

For this occasion, Mrs. Kennedy is trying something new in White House entertainment. Seven players from the American Shakespeare Festival Theater and Academy at Stratford, Conn., will put on excerpts from their Shakespearean repertoire. A special stage will be set up in the east ballroom of the White House.

BING MILLER  
ON STAND IN  
REIS TRIAL

POTTSVILLE, Pa. (AP)—Clyde L. (Bing) Miller, a defendant in a fantastic burglary case, resumes his testimony today at the trial of one-time chorine Lillian Reis.

Miss Reis is accused of masterminding the alleged plot which police claim netted nearly a half million dollars in cash and led to the gangland slayings of two brothers who were cooperating with investigators.

Miller, a former Bucknell University football player, was on the stand for 26 minutes Tuesday after police had entered into evidence two statements connecting Miss Reis with the 1959 burglary at the home of John B. Rich, a wealthy Pottsville coal operator.

TELLS OF FRIENDSHIP

As a jammed courtroom listened, the balding, heavy-set Miller told without emotion the story of his friendship with the 32-year-old Miss Reis, a native of New York.

Miller, 55, who graduated from Bucknell in 1921 as a civil engineer, but who now works as a Philadelphia apartment house superintendent, said he first met Miss Reis in 1953 in the Celebrity Room Nightclub in Philadelphia. She was a chorus girl at the time, he said.

He said he later saw Miss Reis, who subsequently purchased the nightclub, twice a week every week until about 1956 when "it started to slow off."

Miller detailed his rise to business heights as a Pottsville coal contractor handling 1,000 tons a day, his dealings with Rich and his financial collapse in 1958.

During testimony about his finances, Miss Reis closed her eyes and appeared to be dozing. At other times, she stared intently at Miller.

Miller told the jury he once netted upwards of \$50,000 a year as a strip-coal mine operator and that from time to time he was a business associate of Rich.

COUNSEL QUILTS

Before Miller took the stand, his attorney, Harry W. Lightstone, withdrew as his counsel. Lightstone presented a petition to the court for withdrawal which said:

"Since Sept. 7, 1961, I have been aware that Miller had decided not to stand trial but to appear as a witness for the Commonwealth in the prosecution of Lillian Reis."

Capt. Clarence J. Ferguson, a Philadelphia police officer who was credited with helping crack the case, preceded Miller on the witness stand Tuesday.

READ STATEMENT

Ferguson read a statement by Miller in which Miss Reis is alleged to have said that "... the boys were in the Rich home and took \$96,000." Ferguson said the statement was signed by Miller April 2, 1960, shortly after Miller's arrest.

Quoting from the statement, Ferguson said Miller told Miss Reis that Rich was one of "a couple of people that were getting away without paying income tax."

Rich has testified at the Reis trial and at the trials of three other men convicted in the burglary earlier this year that only some \$3,000 in cash and about \$17,000 in jewelry were taken from his house safe, the amounts listed in the indictments.

5 Jurors Chosen  
For Woman's Trial

BUTLER, Pa. (AP) — Five jurors were in the jury box today for the trial of Mrs. Mae H. Wheeler, who is accused of embezzling \$460,000 from the Workmen's Building and Loan Association here. Seven other jurors and two alternates must be chosen before testimony can begin.

Selection of jurors for the Butler County trial began Tuesday after Visiting Judge Morgan H. Sohn of Beaver County rejected a defense motion to delay the trial so an adequate defense could be prepared.

Mrs. Wheeler, 53, a grandmother, is charged with 117 counts of embezzlement, forgery, making false entries and material omission.

Mrs. Wheeler had been an official of the association for 25 years up until her arrest last March.

Ride Out Severe  
Lake Erie Storm

ERIE, Pa. (AP)—Five men and a woman were safely back on shore today after riding out a violent storm in a disabled cabin cruiser on Lake Erie.

The six had left Monday afternoon on a fishing trip. But the storm developed, knocked out the craft's battery and tossed the boat about for 15 hours until it smashed against some rocks in a cove six miles east of Erie on Tuesday. Three of the men jumped ashore and went for help.

Treated at Erie Hospital for exhaustion were Mrs. Joyce Johnson, 21, who is expecting a baby; Elmer Hicks, 31; George Sawyer, 23; Elmer Pursell, 28; Charles Smith, 23; and James Blank, 25, all of Erie.

## SOLONS ANGRY OVER HOUSE'S FINAL ACTION

By JOE HALL  
WASHINGTON (AP)—The first congressional session of the Kennedy administration wound up in an angry whirlwind early today with the Senate having to accept a big money bill which the House bounced to it on a take it or leave it basis.

The House passed the \$1,125,927,341 supplemental appropriation and then quickly closed up shop at 4:20 a.m. With the House in adjournment and no chance for compromise, the Senate was forced to go along with the bill providing money for a wide variety of federal agencies.

The slightest Senate amendment would have killed the measure and forced President Kennedy to call a special session to get the needed funds.

### EXPRESS ANGER

Senators minced no words in expressing anger at the House adjournment prior to final Senate action.

"We have taken a shellacking, and I think it's outrageous," protested Senate Democratic Leader Mike Mansfield of Montana.

Senate Republican Leader Everett M. Dirksen of Illinois challenged his colleagues to "show how deep is your conviction."

"Let's find out whether the House of Representatives can afford the Senate," Dirksen roared.

But after additional angry complaints, the Senate passed the measure on a voice vote and quit at 6:16 a.m.

### FLARE OF TEMPERS

The session which ended in the flare of tempers had run up appropriations totaling about \$92.5 billion, a peacetime record.

In its home stretch session of about 19 hours, the heavily Democratic Congress also:

Voted \$3,914,600,000 for foreign aid for the year which started July 1. The final figure was a qualified victory for President Kennedy, who originally asked for \$4,775,500,000. Although Kennedy was denied the advance Treasury financing he sought, he won a five-year authorization for his economic development loan program—the longest ever voted.

Cleared a \$3,906,880,980 public works appropriation for flood control, rivers and harbors, reclamation and atomic energy projects.

Sent to the White House a bill authorizing the Treasury to assign a number to each income taxpayer in a move to keep closer tab on tax returns.

Put aside until next year was a bill designed to ease the tax burden on Du Pont stockholders who might receive 63 million shares of General Motors stock under an antitrust divestiture proceeding.

Since convening last Jan. 3, Congress approved many major points of Kennedy's New Frontiers program. It also rejected several of his major requests.

## Red Appeals For Nuclear Test Ban

VIENNA, Austria (AP)—The East-West International Atomic Energy Agency opened its fifth general conference today with a Communist appeal to the world's powers to stop nuclear testing and work jointly for general disarmament.

The conference's outgoing president, Georgii Nadjakov, chief delegate of Communist Bulgaria, said in his opening address that the big powers "have stocked up enough nuclear material to plunge the world into a catastrophe if common sense bows to madness." Nadjakov charged "certain delegates here are not eager to seek the most reasonable solution to this burdensome problem." It was obvious he meant the Western powers.

## THUNDERBOLT JAYVEES BOW TO SUBURBAN

Littlestown High School's junior varsity football team suffered a 33-14 setback at the hands of York Suburban Tuesday afternoon in its opening game on the Thunderbolts' field.

Suburban piled up a 20-0 lead in the first half with a trio of touchdowns. In the opening quarter Dave Gotwald raced 70 yards with a punt and Dick Gardner grabbed a blocked kick to race 30 yards for another tally with Bill Kingsley racing over for the extra point.

Kingsley circled end from 10 yards out for Suburban's TD in

## KETTERMAN BLOCKS PUNT

Early in the third period Littlestown hit pay dirt when Jimmy Ketterman blocked a punt and Dave Lockner recovered in the end zone. Terry Pottorff ran over for the point.

Later in the third quarter Kingsley plunged over from the one-yard mark after a 70-yard pass play from Jack Gotwalt to Dick Klussman put the ball on the one. Gotwalt fired a 25-yard pass to Larry Herman for the final Suburban score in the last quarter.

With less than a minute remaining Dwight Sirevig circled end for a 20-yard touchdown scamper and Terry Arbogast carried over for the extra point.

Littlestown's next game will be with the Gettysburg High jayvees at Littlestown on October 9 at 3:30 p.m.

# REP. GREEN HAS EYE ON SENATE RACE

By JOHN KOENIG JR.  
Associated Press Special Service  
WASHINGTON (AP)—Rep. William J. Green D-Pa., apparently has not ruled out the possibility of seeking election to the Senate next year.

Asked whether he would be interested in such a race, the Philadelphia Democratic chairman replied:

"I haven't made up my mind." At stake next year, along with the governorship of the Commonwealth, is the seat now held by Sen. Joseph S. Clark, D-Pa.

## CLARK WILL RUN

Clark announced several months ago he will run for re-election no matter who opposes him.

On the subject of the redistricting of Pennsylvania, Green indicated in an interview willingness to seek a solution to the impasse after adjournment of Congress.

He blamed George I. Bloom, Pennsylvania State Republican chairman, for failure to solve the controversial problem. He charged Bloom with trying to set up rules on how redistricting should be accomplished.

Green said Gov. David L. Lawrence of Pennsylvania is prepared to call a special session of the General Assembly later in the year to pass redistricting legisla-

## UNOPPOSED BEFORE

Pennsylvania's representation in the next Congress will drop from 30 to 27 seats due to population shifts reflected in the 1960 census. Unless another redistricting bill is passed by a special session, all 26 Pennsylvania congressmen will have to be elected at large.

As for the Senate race, Clark faced a similar possibility of opposition from Green five years ago. Green stepped aside and Clark, unopposed, went on to the general election and defeated former Sen. James H. Duff Jr.

## A Lovelier You

By MARY SUE MILLER

A CASE FOR JEWELRY. The history of jewelry is the history of woman! An anonymous Roman matron, for example, is thought to have invented the safety pin to hold her clothes together. Then the safety pin became a brooch, finely wrought and ornamented. And why not? Since the gadget showed, it might as well be worth looking at.

Today, of course, jewelry designing is a highly developed art.

Mrs. Fred Wilhide, and family, Indiana, Pa.

Mr. and Mrs. Lewis Fleischer and Charles Fleischer, of Baltimore, were Sunday guests of Mr. and Mrs. Clyde Wilhide, Keysville Rd.

The Missionary Societies of Emmitsburg and Taneytown Churches will meet Thursday, October 5 at 7:30 o'clock in the Taneytown Church. Mrs. Edwin Rosser, who attended the meeting of United Presbyterian Women at Purdue University, will be the speaker. A social hour will follow.

Mr. and Mrs. Lawrence Ricker, Richmond, Va., and Mr. and Mrs. Earl Copenhaver, Baltimore, were Sunday dinner guests of Mrs. Carrie Reaver, and family, R. 2.

Wearing jewelry to advantage is an art, too. Perhaps not so highly developed!

One does see jewelry worn indiscriminately. To adorn the appearance, the smallest trinket must be appropriate to the time of day, complementary to your costume, proportioned to your size, and expressive of your individuality.

That may seem a tall order, but it is really simple to fill. To exemplify in terms of this season's costume jewelry...

An appropriate and costume-complementary daytime necklace might be fashioned of faked jade, amber, turquoise or garnet set in brushed "gold." It would be real looking, neither flamboyant nor yet prim.

As for size, all jewelry is more lavishly proportioned. But that does not mean a tiny woman will not find pieces scaled down to her stature.

For both day and evening wear, jewelry reflects three inspirations: the delicate, be-tasseled designs of the Victorian era; the bold opulence of the Far East; the free-form motifs of modern art. And therein is your cue to expressing your individuality—your look.

## LETTER WRITING WEEK OCT. 1-7

The 24th annual "Letter Writing Week" will be observed during the week of October 1-7, it was announced today by Postmaster Charles W. Pentz.

Pentz said that a letter "is the most economical and personal way to extend greetings, communicate social news and exchange ideas."

During Letter Writing Week Pentz suggested that "you write at least two letters; one to a friend or relative from whom you have not heard in a long time, and the second as a reply to a friend or relative who recently wrote to you." He also urged correspondence to people in other countries as a means of promoting greater understanding among the people of different nations.

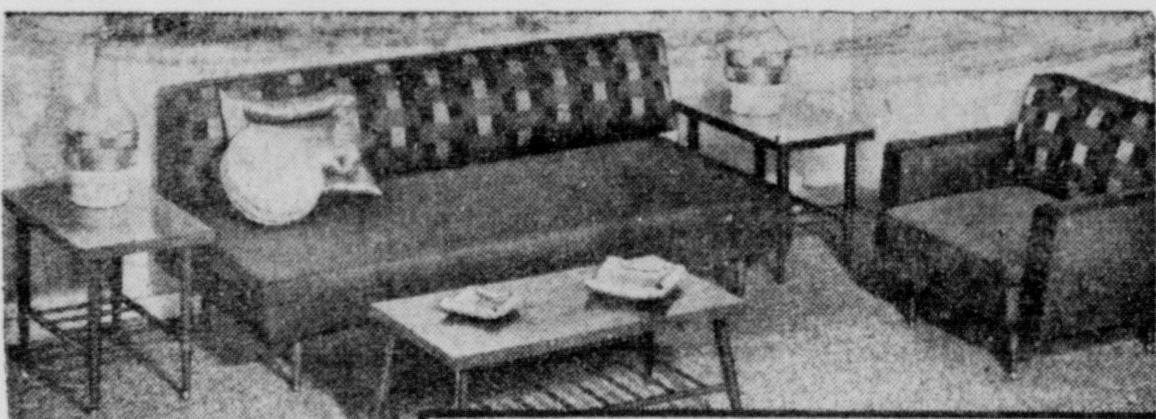

The slogan of this year's event, as indicated on more than 200,000 banners, is "Letters Are Links to Friendship." The display materials will appear on post office bulletin boards and rural carrier vehicles, as well as in schools and libraries.

JOHN M'CONE MAY BE NAMED CIA DIRECTOR

By WHITNEY SHOEMAKER  
NEWPORT, R.I. (AP) — President Kennedy may name John A. McCone, former head of the Atomic Energy Commission, to replace Allen Dulles as director of the Central Intelligence Agency.  
The President and Mrs. Kennedy arrived here Tuesday for a week of relaxation.  
McCone, a Republican, was said to be in line for one of the hottest spots in the government, but one or two hitches had yet to be straightened out.  
Kennedy conferred with McCone at the White House several weeks ago. The CIA post may have been discussed at the time, but the announced purpose was the Soviet Union's decision to resume nuclear tests.  
McCone, who headed the AEC for three years under former President Dwight D. Eisenhower, had contended previously the United States could not go on indefinitely observing the moratorium on atomic tests. Kennedy

asked for a personal account of McCone's views.  
McCone, 59, a West Coast builder and operator of a fleet of tankers, served for more than a year as undersecretary of the Air Force in the Truman administration. He built ships during World War II.  
White House press secretary Pierre Salinger declined to talk of the McCone-CIA reports but indicated Kennedy was on the verge of making a significant announcement.  
**NAMES ANOTHER GOP**  
The President named another Republican, William C. Foster, as head of the new Arms Control and Disarmament Agency Tuesday before flying to Newport from New York.  
Foster is a former foreign aid administrator and assistant secretary of defense.  
Kennedy promised U.S. support of efforts by Argentina to raise living standards for "all the people" of that country. He said the United States will consider applications for aid as rapidly as possible.  
Kennedy's exchange of views with Argentine President Arturo Frondizi at a conference in New York City was summarized in a communique issued here.  
Navy officers and Rhode Island dignitaries headed by Gov. John Notte welcomed the Kennedys at Quonset Naval Air Station, a tire

Maris Will Get Homer 59th Ball

BALTIMORE (AP) — Roger Maris knocked most of the glamour off home run ball No. 59 Tuesday night by slugging his 60th homer of the season at New York's Yankee Stadium.  
But if the Yankee outfielder still has a sentimental attachment for No. 59, he can get it without charge.  
Several hours before Tuesday night's homer, an agreement was reached here between Bob Reitz, the 32-year-old Baltimorean who caught No. 59 last Wednesday night, and the Sports Boosters of Maryland.  
Reitz agreed to accept \$500 from the sports group, and announced he would turn the money over to the Associated Catholic Charities, of Baltimore. The Sports Boosters, in turn, would present the baseball to Maris.

WINNING GAME IS CELEBRATED

CINCINNATI (AP) — It will be a long time before Cincinnatians forget the night the Reds won the National League pennant.  
Downtown Fountain Square was crowded—so crowded it was hard to walk. Everybody seemed happy. Many were drinking beer as they wandered around. Others were yelling, as loudly and as often as they wanted to. Cars went past the square, horns blaring.  
There were plenty of policemen around. But this was the baseball fans' night, so the men in uniform just looked on. They were having a good time too.  
"Sound like a glass factory, doesn't it?" said one of them to no one in particular as people streamed by, their shoes crushing the beer bottles in the gutter.  
And, when the yell went up that someone was climbing the three-story high fountain, the police looked, shook their heads and grinned.  
After 21 years, the Reds had won the pennant.  
blew out on the Air Force prop plane that brought them here as it tailed after landing, but the President was unperturbed.

NEWPORT, R.I. (AP) — Legislation stiffening the penalties for sabotage of communications systems became law Tuesday with the signature of President Kennedy.  
The bill increases to a maximum of 10 years imprisonment and \$10,000 fine the penalties for destruction or damage of commercial companies' facilities that might be used by the government.  
The measure grew out of the dynamiting last May of television relay facilities.
